

The Information Center in Zwiesel

In addition, the Information Center of the Nature Park in Zwiesel is another valuable source for educational activities and work with the public.

An interesting permanent exhibition in the Nature Park Information Center shows the relationship between humans and nature through time. The youngest visitors are provided with a play corner and there is a room giving the opportunity to watch various videos. In addition, there are leaflets, scientific literature and maps on offer. Changing exhibitions, covering different subjects about nature and the environment and exhibitions from local artists, have also found an ideal place in the center.

Open (Information center): Tuesday to Sunday, holidays 9:30 a.m. to 16:30 p.m..
